HumanITY: The Power of Performance

Richard Rieben
Risk Services Director
Secuvant

Richard Rieben, MBA is A Director, Risk Services for Secuvant. He leads a team responsible for a comprehensive suite of services that enables organizations to focus on their core business activities. In parallel, Secuvant supplements internal IT/Security capabilities with its enterprise-class security operations center and cyber risk management program, which includes services like strategic security plan development, compliance readiness, and assessment as well as vCISO and advisory services.

Richard focuses on the human element of information security and is passionate about mentoring, leadership, and supporting remote teams with overcoming digital transformation challenges. Richard gives back to the IT security and project management industries as a member of the CompTIA Subject Matter Expert Governance Board.

When he isn't managing risk, Richard lives on a small farm outside of Dayton, Ohio with his wife and children, including a set of triplets and children adopted from Uzbekistan, Ukraine, and Bulgaria.

SESSION

Thu Oct 8 11:00 AM - 11:41 AM (MDT) 41 Min

Seven Deadly Sins of Project Management

As an experienced information security and project management professional, Richard has guided many firms on their journey to the land of security and compliance. Along the way he has identified many ways in which good projects can go bad. Sit back and enjoy learning about the seven deadly sins of project management in the world of information security and auditing.
